

2nd year students of the «Young Cadastral Specialist» circle of the Faculty of Land Management, Architecture and Design, on February 15, 2024 in Astana, within the framework of international scientific cooperation, were trained in educational and scientific organizations of the Republic of Kazakhstan, the Russian Federation, the Republic of Uzbekistan, the Republic of Ukraine, the Republic of Tajikistan, the Kyrgyz Republic, the Republic of Moldova, the Republic of Azerbaijan, Republic of Slovenia. Together with experts in the field of science, they presented their scientific works in the field of «Earth Science».

All materials of the scientific conference were included in the collection and 49 students of the circle were given special certificates.

It should be noted the merits of the head of the scientific circle Beristenov Aidarbek Tainigazievich. May our students continue to stand on a high pedestal, and the work of the leaders will be fruitful!
