

On March 1, 2024, the Faculty of Land Management, Architecture and Design hosted the Forum "Innovative Technologies in Geodesy, Land Management and Cadastre" dedicated to the Day of Land Management, Geodesy and Cartography Workers and the 130th anniversary of the birth of Kazakh poet and writer S. Seifullin. The Forum was attended:

- by representatives of the National Center for Geodesy and Spatial Information (NCSPI) - Head of the Technical Control Department Sakan Madi Sadvakasovich,
- LLP "Leica Geosystems" - Idrisov Kirill Vasilyevich, Narbayev Nurzhan Muratovich.

The section of the Department "Geodesy and Cartography" continued its work in the format of the geodetic relay race "Accuracy and professionalism". The relay was attended by students of 2-3 courses, undergraduates and doctoral students. 4 teams performed: "Sirius", "GiKGroup", "GeoSherif", "GeoSat".

The purpose of the relay race is to show respect for one's chosen specialty, promote knowledge-based skills, create a festive mood, and identify talented students.

Objectives: educational - to teach students to show their individual qualities, to instill in them the desire for self-improvement of their knowledge; educational – to foster a sense of team cohesion, mutual assistance, and a "Healthy spirit of competition".
